CLASSIFICATION: UNCLASSIFIED

Sir,

As (b) (6) stated, DHHS is concerned with the amount of grading and compaction required to make the site useable. They asked about the availability of using the hardstand on that dead end road for their site (see attached). I told them we have a MILCON project to construct SSAs along that road starting in FY19. Also explained is would only provide a couple of acres for them to set up operations. Not sure we want to entertain this as an option unless they complete their mission and restore any damages to the road prior to the SSA project start in FY19.

v/r,

(b) (6)

Subject: RE: DHHS Site Survey (UNCLASSIFIED)

CLASSIFICATION: UNCLASSIFIED

(b) (6)

Just got back from this site survey. ED, MPD, SED, and OMD attended the meeting. DHHS wanted to see the site again to take a closer look at the utility infrastructure and land. I showed them the utility maps again. DHHS just needed to see how close the utilities are to the area that is being considered over by Liberty Road and the Industrial complex.

DHHS was hoping for the land to be a bit more flat, but they will have to do a lot of grading if they select this area. I also repeated what we discussed with (b) (6) last week regarding DPW's manpower requirement if DHHS decides to build in this area in order for DPW to support DHHS with real property actions and the use of our privatized utility providers. I also mentioned that they can also approach El Paso utilities. DHHS is still considering going all portable, but no definite answer could be provided at this time. ED reminded them that they would need permits if they use generator power. No timeline could be given to the group until DHHS selects the site.

They also asked (b) (6) a few questions about using the paved road, mainly the dead end over by the SSA warehouses, but I'll let Lee fill you in on this.

Thanks,

(b) (6)

[REDACTED]

Subject: DHHS Site Survey (UNCLASSIFIED)

When: Tuesday, June 12, 2018 9:00 AM-12:00 PM (UTC-07:00) Mountain Time (US & Canada).

Where: rm 2027, 1AD HQs

CLASSIFICATION: UNCLASSIFIED

CLASSIFICATION: UNCLASSIFIED

I am sending this to senior staff and technical experts to ensure everyone has visibility on the event and can ensure that the right level of action officers are present for the survey. I do not need all on the invite to attend the survey.

We will initially meet in room 2027, 1AD HQs and hopefully take care of the majority of the survey coordination in that location. If there is a need to travel out to the site, then (b) (6) and team will guide everyone out and back. Transportation is the responsibility of the attendees.
